India

## PROFESSIONAL SUMMARY

Innovative and detail-oriented AI App Developer and Flutter Developer with hands-on experience in building modern, responsive, and user-friendly mobile and web applications. Skilled in Flutter, Dart, HTML, CSS, JavaScript, and Power BI, with a strong focus on UI/UX design and performance optimization. Passionate about developing scalable digital solutions that combine creativity and technology. Continuously learning emerging tools in AI, data visualization, and full-stack development to deliver impactful software solutions.

## TECHNICAL SKILLS

### Programming & Development:

Flutter, Dart, HTML5, CSS3, JavaScript

### Web Development:

Responsive Web Design, Frontend Development, GitHub Pages Deployment

### Graphic Design:

UI/UX Design, Canva, Figma (Basic), Adobe Photoshop (Basic)

### AI & Productivity:

AI Application Development, Prompt Engineering, AI-Assisted Development

### Data & Analytics:

Power BI, Data Visualization, Dashboard Development

### Tools & Platforms:

Git, GitHub, VS Code, Android Studio

## PROJECTS

### Image Compressor App

Tech Stack: Flutter, Dart

- Developed a modern Flutter application for image compression with optimized quality & speed.
- Designed a user-friendly interface with production-ready responsive architecture.

### PDF Utility Suite

Tech Stack: Flutter, Dart

- Created a suite of tools for PDF conversion, compression, merging, and splitting.
- Focused on clean UI, efficient document processing, and smooth user experience.

### Developer Portfolio Website

Tech Stack: HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio website with 3D graphics & animations.
- Showcases projects, skills, and contact information; deployed seamlessly on GitHub Pages.

### Power BI Business Dashboards

Tools: Power BI

- Built interactive dashboards for business reporting, data analysis, and decision-making insights.

## EXPERIENCE

### Freelance Developer / Projects

2021 – Present

- Designed and developed Flutter applications with modern UI/UX principles.
- Built responsive frontend websites and deployed them using GitHub Pages.
- Created Power BI dashboards for data analysis and visualization.
- Designed digital assets using Canva and Figma; managed projects via Git & GitHub.

## EDUCATION

### Bachelor of Computer Applications (BCA) 2024 – 2027

JNM College for Advance Studies & Technology

Mahatma Gandhi Kashi Vidyapeeth

## CAREER OBJECTIVE

To obtain a challenging Software Developer role where technical expertise in Flutter, AI, frontend development, and data visualization can be applied to create innovative, high-quality applications.

## STRENGTHS

## LANGUAGES & CERTIFICATIONS

Languages: Hindi, English

Problem Solving, Fast Learner, Team Collaboration, Time Management, Creative Thinking, Communication Skills, UI/UX Design, Attention to Detail.

**Certifications:** Flutter Development, Power BI, Web Development, AI & Prompt Engineering
